Why are we doing this?

You are not meeting your target grades.

Afternoon LG time is seen as 'optional'.

You are GCSE students, but are not doing the work needed of you.

Why do you need to revise?

- You all have dreams and ambitions.
- We assume it is not to live with your family forever, you want your freedom and independence.
- To get your dream job, you need GCSEs, some of them A-Levels and University Degrees.
- The earlier you revise, the easier it will be.
- Focus on yourself- don't compare to how much/little others are doing.
